Index to Volume XIV

Page numbers preceded by "(P)" refer to the summaries of papers read at the General Meetings of the Association of Clinical Pathologists.

Achromobacter anitratus, four cases of human infection with, **670**
ADAMS, J. F.: The urinary excretion of assayable vitamin B_{12} and radioactivity after parenteral ^{58}Co B_{12} in man, **351**
Adrenal cortical function, effect of corticotrophin zinc on plasma 17-hydroxycorticoids as test of, **185**
Africans, development of serum protein in, **644**
Age, relationship of fibrin and fibrinolytic activity to, **167**
Agglutination test, slide, in diagnosis of typhoid fevers and typhus, **446**
AINSWORTH, R. W., GRESHAM, G. A., and BALMFORTH, G. V.: Pathological changes in temporal arteries removed from unselected cadavers, **115**
ALDER, F. I. *See* ALDER, V. G., and ALDER, F. I.
ALDER, V. G., and ALDER, F. I.: Preserving the sterility of surgical dressings wrapped in paper and other materials, **76**
—, and GILLESPIE, W. A.: Disinfection of woollen blankets in steam at subatmospheric pressure, **515**
—. *See* WESLEY-JAMES, G., and ALDER, V. G.
Alkaline phosphatase fractionation, serum, as aid to diagnosis, **500**
ALLINGTON, M. J. *See* WILLOUGHBY, M. L. N., and ALLINGTON, M. J.
Anaemia, elliptocytic, hereditary, **615**
—, iron-deficiency, tongue and oesophagus in, and effect of iron therapy, **603**
—, megaloblastic, of pregnancy, minimal criteria for diagnosis of, (P) **101**, **536**
— of lead poisoning, **548**
—, sickle cell, blood lipids and lipoproteins in, **361**
Anaemic buccal epithelium, carbohydrates and sulphur-containing compounds in, **610**
— patients given steroids, nocardiosis in, **259**
Anaesthetic and post-operative hazards in rheumatoid arthritis (P), **328**
ANDERSON, J. R., BECK, J. S., GOUDIE, R. B., and GRAY, K. G.: Comparison of diagnostic tests for thyroid antibodies (P), **328**
Angiology, 4th International Congress on, **102**
Antibodies, thyroid, comparison of diagnostic tests for (P), **328**
Antibody, fluorescent, diagnostic applications of (P), **328**
Anticoagulant therapy, symposium on, **207**
Anti-D sera, papainized incomplete, Rh typing employing, **444**
Antihaemophilic factor deficiency, capillary defect of von Willebrand type, and idiopathic thrombocytopenia in one family, **540**
Anti-Panton-Valentine leucocidin in serum, haemagglutination test for, **161**
Antiseptics, common skin, efficiency tests on, under ward conditions, **91**
Antistreptolysin levels in normal infants and young children, **525**
Antithrombin activity of glucuronic esters of bilirubin, **478**
APOSTOLOV, K., FLEWETT, T. H., and THOMPSON, K. S.: Death of an infant in hyperthermia after vaccination, **196**
Arteries, temporal, removed from unselected cadavers, pathological changes in, **115**
ASHLEY, D. J. B., and KWANTES, W.: Four cases of human infection with *Achromobacter anitratus*, **670**
Association of Clinical Pathologists: 66th General Meeting, **325**
— — — —: Joint Meeting with Association of Clinical Biologists, **101**
— — — —: Broadsheets, **334**, **454**, **564**
— — — —: *Committee on Mortuary Design and Hazards*. Report, **103**
Autoanalyzer, micro-method for measuring glucose using, **558**
Auto-antibodies, thyroglobulin, stable sheep cell preparation for detection of, **654**
Autoclaves, surgeon's, **49**

BAIKIE, A. G.: Leukaemia (P), **325**
BAILEY, I. S., GARRETT, G., and NICOL, A.: Fatal septicaemia due to *Salmonella cholerae suis*, **528**
BAIRD, I. M., DODGE, O. G., PALMER, F. J., and WAWMAN, R. J.: The tongue and oesophagus in iron-deficiency anaemia and the effect of iron therapy, **603**
BALMFORTH, G. V. *See* AINSWORTH, R. W., GRESHAM, G. A., and BALMFORTH, G. V.
BARBER, M.: Hospital infection yesterday and today, **2**
—: Methicillin-resistant staphylococci, **385**
BATE, J. G.: The cleaning of ward floors and the bacteriological study of floor-cleaning machines, **32**
BEALE, R. N., BOSTROM, J. O., and TAYLOR, R. F.: Rapid incremental methods for the determination of serum iron and iron-binding capacity, **488**
—, and CROFT, D.: A sensitive method for the colorimetric determination of urea, **418**
BECK, A.: A case of meningitis due to *Listeria monocytogenes*, **512**
BECK, J. S. *See* ANDERSON, J. R., BECK, J. S., GOUDIE, R. B., and GRAY, K. G.
Bedpans, disinfection of, **66**
Beta-glucuronidase activity, serum, determination of, **661**
Bilirubin analysis, plasma, six representative methods of, **271**
—, antithrombin activity of glucuronic esters of, **478**
Biochemical defects in Wilson's disease, family study of, **264**
BLACKBURN, E. K.: Haematological findings and prognosis in lupus erythematosus (P), **327**
—, MACFIE, J. M., MONAGHAN, J. H., and PAGE, A. P. M.: Antihaemophilic factor deficiency, capillary defect of von Willebrand type, and idiopathic thrombocytopenia occurring in one family, **540**
BLACKMORE, D. J., and ELDER, W. J.: The artificial kidney and urea clearance, **455**
BLAINEY, J. D. *See* SOOTHILL, J. F., BLAINEY, J. D., NEALE, F. C., FISCHER-WILLIAMS, M., and MELNICK, S. C.
Blankets, hospital, disinfection of, with synthetic phenolic compounds, **80**
—, woollen, disinfection of, in steam at subatmospheric pressure, **515**
Blood, capillary, coagulation tests on: screening procedure for small children, **543**
— cells, distribution of, on haemacytometer counting chambers, **298**
— clots, apparatus for measuring tensile strength of, **320**
— coagulation, defect of, in joints, **305**
— donors, recognition of Hageman deficiency in, **550**
— films on slides, automatic staining machine for, **323**
— lipids and lipoproteins in thalassaemia and sickle cell anaemia, **361**
— —, relation of, to myocardial necrosis (P), **327**
— loss, rate of, from skin punctures during Ivy bleeding time test, **381**
—, occult, in faeces, paper tests for, and fate of swallowed red cells, **436**
—, simple spectrophotometric method for determination of urea in, **202**
— stored in untreated and siliconed glass bottles and plastic bags, platelets in, **626**, **630**
BLOWERS, R.: Control of infection in hospital wards, **18**
BOCZAROW, B.: The influence of penicillin on *Lactobacillus leichmannii* serum B_{12} assay, **189**
Book Reviews:
Beecher, H. K., ed.: *Disease and the Advancement of Basic Science*, 1960, **100**
British Medical Bulletin, Vol. 16, No. 3: *Insulin*, 1960, **100**
Camber, B.: *Oxosteroids: The Use of Phenolic Hydrazides for Detection, Characterization, and Estimation*, 1960, **217**
Caraway, W. T.: *Microchemical Methods for Blood Analysis*, 1960, **218**
Charlier, R.: *Coronary Vasodilators*, Vol. 10, 1961, **453**
Ciba Foundation Colloquia on Endocrinology, Vol. 13: *Human Pituitary Hormones*, 1960, **454**
— Foundation Symposium on *Congenital Malformations*, 1960, **563**
